

MERN Stack Developer (Fresher)

Company: Infoshard Technologies Pvt. Ltd.

Location: Chinchwad, Pune

Employment Type: Full-Time

About the Company

Infoshard Technologies Pvt. Ltd. is a fast-growing startup and product-based company focused on building innovative and scalable digital solutions. We specialize in developing high-performance web applications and software products that solve real-world business problems.

As a startup, we foster a dynamic and learning-driven environment where creativity, ownership, and innovation are highly valued. Our team works closely on product development, ensuring quality, speed, and continuous improvement. We aim to create impactful technology products while providing strong growth opportunities for our team members.

Job Overview

We are looking for a passionate and skilled Full Stack Developer who can work on both frontend and backend development. The candidate should be capable of building responsive web applications, writing clean code, and collaborating with cross-functional teams.

Key Responsibilities

- Develop and maintain web applications (frontend + backend)
- Write clean, scalable, and efficient code
- Design responsive UI using modern frontend frameworks
- Build REST APIs and integrate third-party services
- Work with databases and optimize queries
- Collaborate with designers and other developers
- Debug, test, and improve application performance
- Participate in code reviews and team discussions

Required Skills

- Strong knowledge of **HTML, CSS, JavaScript**
- Experience with frontend frameworks like **React.js**
- Backend experience with **Node.js**
- Knowledge of **REST APIs & JSON**
- Familiarity with **MongoDB / MySQL / PostgreSQL**
- Understanding of **Git & version control systems**

Preferred Skills

- Experience with cloud platforms (AWS)
- Familiarity with Docker or containerization
- Understanding of Agile methodology

What We Offer

- Competitive salary package
- Opportunity to work on real-world projects
- Growth-oriented environment
- Supportive team culture
- Learning and development opportunities
