

UI/UX Designer (Fresher)

Company: Edmyst Inc.

Location:

Employment Type: Full-Time

About the Company

Edmyst Inc. is an emerging and fast-growing company focused on delivering innovative digital experiences and user-centric solutions. We specialize in designing intuitive and impactful products that enhance user engagement and solve real-world problems.

At Edmyst, we believe in creativity, experimentation, and continuous learning. Our team collaborates closely to transform ideas into meaningful digital products, offering a dynamic environment where fresh talent can learn, grow, and make a real impact.

Job Overview

We are looking for a creative and detail-oriented UI/UX Designer (Fresher) who is passionate about designing intuitive and engaging user experiences. The candidate should have a strong understanding of design principles, user behavior, and the ability to translate ideas into visually appealing interfaces.

Key Responsibilities

- Design user-friendly interfaces for web and mobile applications
 - Create wireframes, prototypes, and user flows
 - Conduct basic user research and analyze user behavior
 - Collaborate with developers and product teams
 - Improve usability and accessibility of applications
 - Maintain design consistency across products
 - Iterate designs based on feedback and testing
 - Stay updated with latest UI/UX trends and tools
-

Required Skills

- Basic knowledge of UI/UX design principles
- Proficiency in design tools like Figma, Adobe XD, or Sketch
- Understanding of wireframing and prototyping
- Knowledge of color theory, typography, and layout design
- Basic understanding of HTML/CSS (preferred)

- Strong attention to detail and creativity
 - Good communication and teamwork skills
-

Preferred Skills

- Knowledge of user research and usability testing
 - Familiarity with design systems
 - Basic understanding of responsive design
 - Exposure to interaction design or animations
-

Qualification

- Master's degree in Design, Computer Science, or related field
 - Freshers with strong portfolios are encouraged to apply
-

Compensation Structure

- ₹1.2 LPA (First 3 Months – Training/Internship Period)
 - ₹1.8 LPA (Post initial 3 months)
 - PPO (Performance-Based): ₹4 LPA (Fixed Component)
-

What We Offer

- Opportunity to work on real-world design projects
- Hands-on learning and mentorship
- Fast-paced and growth-oriented environment
- Exposure to product design lifecycle
- Supportive and collaborative team culture
